

TOWN OF KILLINGWORTH, CONNECTICUT
Bid 2016-05, Pumper Truck for KVFC

ADDENDUM #1
NOVEMBER 17, 2017

Amendment to specifications for KVFC pumper truck.

Currently specification reads as follows

Page 101,

LADDERS AND STORAGE:

Three-(3) ladders shall be mounted on the right side hose body panel in a 12-Volt power operated drop down bracket assembly model LAS-XT-1200 manufactured by the Ziamatic Company. All necessary safety and warning devices shall be supplied. The fourth ladder, the 20ft extension, shall be mounted in a compartment through the right side of the water tank standing on its rail. Two (2) Duo Safety (875-A) 16ft roof ladders, one (1) Duo Safety (1200-A) two section 28ft extension ladder, one (1) Duo Safety (900-A) 20ft extension ladder, and one (1) closet ladder shall be bidder supplied

Specification amendment:

LADDERS AND STORAGE:

Three-(3) ladders shall be mounted on the right side hose body panel in a 12-Volt power operated drop down bracket assembly model LAS-XT-1200 manufactured by the Ziamatic Company. All necessary safety and warning devices shall be supplied. The fourth ladder, the 20ft extension, shall be mounted in a compartment through the right side of the water tank standing on its rail. Two (2) Duo Safety (875-A) 16ft roof ladders, one (1) Duo Safety (1200-A) two section 28ft extension ladder, one (1) Duo Safety (900-A) 20ft extension ladder, and one (1) closet ladder shall be bidder supplied

Option to place 20 ft. extension ladder in the horizontal position will be acceptable. This will allow the bidder options in placement.
