

Killingworth Park and Recreation Commission
Special Meeting
December 23, 2024
Emergency Operations Center, Teams

1. **Call to Order:** Jim called the meeting to order at 7:33pm. Present: Jim Duffield (Chair), Chris Smalley, Chris Swiss, Jeremy Burr, Donna Clark, Bill Burley. Absent: Glenn Johnson

2. **Old Business:**

Jim explained the estimate from Drainscapes LLC for the site and concrete work for the pavilion at Eric Auer Park for \$22,000. The work would include a crushed stone base, 4" concrete slab and sonotubes. He noted that we have only one estimate but have two other quotes for reference. Quote 1 from Engineered Building Contractors LLC was a total of \$39,770.00 for 18,000' pad, at about \$22 per square foot. Quote 2 from Gordian was a total of \$44,692.00 of 625' millings (not concrete), \$71 square foot. The estimate from Drainscapes LLC was \$22,000 for a 25'x50', about \$17.50 per square foot.

***Chris Smalley made a motion to accept the Drainscapes LLC estimate for the work, Chris Swiss seconded the motion and it passed unanimously without further discussion.**

The meeting was adjourned at 7:45pm

Respectfully submitted,
Donna Clark
