

TOWN OF KILLINGWORTH Request for Proposals
REISSUE 2025-08PR-1 Turf Maintenance Services: Eric W. Auer Killingworth Recreational Park

ADDENDUM 1

QUESTION: *I was wondering if you are willing to accept bids just for the Fertilization, Lime, Grub, Weed, Seedings but not for the other maintenance parts such as Mowing, Irrigation etc.*

ANSWER: We would accept partial bids. Unfortunately, because bid packages are available online, we do not maintain a bidders list for subcontractors to contact potential bidders.

QUESTION: Below is a google map of the site. I noticed the main fields, football and soccer, but did not see a New Baseball field (is that still to be build if so where) Also the Disc Golf Course is that also where the new construction is? I did find Hole number 18(in the woods) but that was it.

ANSWER: The ballfield is currently under construction where you have indicated with the pin. The disc golf course extends from the ballfield area east into the wooded area. We recommend that all bidders visit the site to clarify the areas to be served. A representative from Park and Recreation Commission can be available on site upon request.
