Town of Killingworth
Special Meeting of the Board of Selectmen Minutes
Thursday, September 03, 2026

Members Present – E Couture, J D'Angelo, N Gorski
Visitors Present – R Regolo, D. Tycz

The meeting was called to order at 6:01 pm.

1) The board discussed the purchase of a replacement mower flail head. Discussion included the cost of the piece of equipment, approximately $19,500, and alternatives to purchasing equipment. At this time renting from other towns or doing the work by hand are not appropriate options. The cost was noted to have increased from the last time the equipment was purchased, but in-line with inflationary pressures.

   N. Gorski made the motion to recommend to the Board of Finance the purchase of a replacement mower head. J. D'Angelo seconded. There being no further discussion the motion carried unanimously.

2) The board discussed the presentation of the Multi-Year Capital Improvement Plan (MYCIP) at the public hearing on September 14th.

   A draft of the presentation was shared. Discussion of the draft presentation commenced. It was agreed that the presentation should focus on the high-level planning of the MYCIP. Discussion of how to present prioritization of capital needs ensued as well as how to present the anticipated costs of the projects. It was also noted that the presentation should make clear that this document just anticipates the town's capital needs.

   J. D'Angelo agreed to work on the presentation's representation of prioritization over the weekend.

3) J. D'Angelo made the motion to enter executive session to discuss a legal memo from counsel and invite Dave Tycz into the session. N. Gorski Seconded. The vote was unanimous and the board entered executive session at 6:31 pm.

   The board exited Executive session at 6:49 pm.

   J. D'Angelo made a motion to authorize town counsel to initiate enforcement

proceedings, including the commencement of civil action, against 446 Route 148 LLC. N. Gorski seconded the motion. The motion carried unanimously.

There being no further business, the board adjourned at 6:51 pm.

Respectfully submitted,

Eric Couture
First Selectman
